## **Village Comparison Document**

Retirement Villages Act 1999 (Section 74)

## This form is effective from 1 February 2019

Important information for the prospective resident

 The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.

#### • The Retirement Villages Act 1999 requires a retirement village scheme operator to:

- provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
- include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)

Form 3

- publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at <a href="https://www.oaktreegroup.com.au/retirement-village/queensland/warwick">https://www.oaktreegroup.com.au/retirement-village/queensland/warwick</a>
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

#### Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:

#### More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at *July 2025* and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

#### Value Option:

Under this option:

- (a) you will pay an ingoing contribution;
- (b) the exit fee will be calculated as a percentage of the Ingoing Contribution that you pay (the Exit Fee Percentage);
- (c) the Exit Fee Percentage will be calculated on a daily basis and will increase for each day until you leave the Village but the Exit Fee Percentage will only accumulate to a maximum of 26%; and
- (d) the Exit Fee Percentage will accumulate over the period of your residence in the village in accordance with the following table:

## Part 10 – Ongoing Costs - costs while living in the retirement village

**General Services Charge:** Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

**Maintenance Reserve Fund contribution:** Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report. **Note:** The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.

## Part 11 – Exit fees – when you leave the village

A resident may have to pay an exit fee to the operator when they leave their unit or when the right to reside in their unit is sold. This is also referred to as a 'deferred management fee' (DMF).
